All covers are made of 100% top grade marine vinyl. Our standard Type II bi-fold two panel cover is tapered away from the hinge to shed water. Unless otherwise specified all covers with a dimension greater than 78" will be specified with two-pound foam. Two-pound foam should be used for any cover that will be exposed to a snow load. Covers with foam lighter than two pounds may be easier to handle but should generally be used for indoor spas with spans less than 78". Covers are warranted for two years against defects in workmanship and materials. Shipping charges are not included in any guarantee or warranty claim.

**Type II: Standard Bi-Fold Cover, 4" to 2" Taper**

The most common cover used on most spas. All Sundance replacement bi-fold covers will be made with two pound foam unless otherwise specified. This cover will work on most cover lift systems.

1 lb. foam—maximum size 96" x 96"	\$520	2 lb. Sundance Maxxus oversize 92" x 108"	\$695
2 lb. foam—maximum size 99" x 99"	\$545	2 lb. Sundance Maxxus oversize 92" x 108" w/Stereo	\$735
2 lb. foam—maximum size 99" x 99" w/Stereo	\$585		

**Type III: Tri-Fold Cover, 4" to 2" Taper**

This cover is similar to a Type II cover except one of the halves folds in half. It has the same maximum size as the bi-fold cover. Works well when a low ceiling impedes folding a Type II cover.

1 lb. foam—maximum size 96" x 96"	\$695	2 lb. Sundance Maxxus oversize 92" x 108"	\$755
2 lb. foam—maximum size 99" x 99"	\$725	2 lb. Sundance Maxxus oversize 92" x 108" w/Stereo	\$795

**Type IV: Quad-Fold Cover, 4" to 2" Taper**

Cover separates into two separate bi-fold covers for easier handling. Good for situations where a cover lift is not practical and a bi-fold cover would be difficult to handle.

1 lb. foam—maximum size 96" x 96"	\$795
2 lb. foam—maximum size 99" x 99"	\$895

**Type V: Three Piece Cover, 3 1/2" to 2 1/2" Taper**

Designed for spas up to 144". Outer two sections are tapered with the middle section flat. Does not work with cover lifts.

2 lb. foam—maximum size 96" x 144"	\$925
------------------------------------	-------

**Type VI: Four Piece Cover, 3 1/2" to 2 1/2" Taper**

Designed for spas and swim spas up to 192". Outer two sections are tapered with inner two sections flat. Works with two cover lifts, one at each end.

2 lb. foam—maximum size 96" x 192"	\$1275
------------------------------------	--------

**Type VII: Five Piece Cover, 3 1/2" to 2 1/2" Taper**

Designed for spas and swim spas up to 240". Outer two sections are tapered with inner three sections flat. Can work with two cover lifts with one at each end but the center panel would have to be removed by hand.

2 lb. foam—maximum size 96" to 240"	\$1575
-------------------------------------	--------
